DETAILED ACTION

Response to Amendment

1. This action is in response to the amendment filed 5/22/07. Claims 1 and 22 have been amended; claims 10 and 31 have been cancelled; claims 14-18 and 34-37 have been withdrawn.

Response to Arguments

2. Applicant's arguments, see the last paragraph of page 11, filed 5/22/07, with respect to the rejections of independent claims 1 and 22 under 35 USC 103(a) have been fully considered and are persuasive. The rejections of claims 1 and 22 under 35 USC 103(a) have been withdrawn. Claims 1, 22 and their dependent claims are allowed as evident by applicant's argument.

Election/Restrictions

3. Claims 1 and 22 are allowable. The restriction requirement among species (ia), (ib) and (ii), as set forth in the Office action mailed on 11/01/06, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 14-18 and 34-37, directed

to species (ib) are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. However, claims 41-49, directed to species (ii) are withdrawn from consideration because they do not require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

4. This application is in condition for allowance except for the presence of claims 41-49 directed to a species non-elected without traverse.

Accordingly, claims 41-49 have been cancelled.

Allowable Subject Matter

5. Claims 1-9, 11-30 and 32-40 are allowed.
